[Artist biography](#)

Monsay Acoustic Duo is an elegant international music project featuring vocalist Elina Bychenok and guitarist Alexey Bychenok. Their sophisticated format combines expressive female vocals with refined electric and acoustic guitar, creating a warm, polished sound for luxury hospitality and special events.

Performing fully live, the duo presents original acoustic interpretations rather than simply copying the recorded versions. Their arrangements move naturally from tasteful background music and romantic ballads to brighter, more rhythmic evening sets.

The repertoire spans jazz, lounge, soul, swing, bebop, Latin, bossa nova, samba, salsa, pop and country, with internationally recognised hits and timeless standards designed to appeal to guests of different ages and nationalities.
